

PIPER CAFE BUFFET

Flexible Finishes

Piper's variety of material choices customizes your lineup like no one else.

Fiberglass

Stainless Steel

Laminate

Powder Coat

THE FINISH LINE

Which finish should you choose?

Finding the finish that fits your application.

FIBERGLASS

PIPER REFLECTIONS

Pound for pound, fiberglass is stronger than concrete, steel or aluminum. It's dent proof, scuff resistant and easy to clean. With limitless color choices, the molded-in surface coat that contains the color is resistant to ultraviolet attack and airborne contamination.

STAINLESS STEEL

PIPER ELITE

The extreme durability and easy cleaning of stainless makes it the first choice for strict hygiene conditions, such as hospitals, kitchens and other food processing environments while providing a modern and attractive appearance.

LAMINATE

PIPER ELITE

Laminate offers a wide range of patterns and colors. Surfaces can mimic everything from wood grains and stone to subtle textures and solids. Laminate is made of plastic-coated synthetics with a smooth surface that's easy to clean.

PIZZAZZ POWDER COAT

PIPER ELITE

Color selection is virtually unlimited with flat, satin, gloss, high gloss, metallic, candies, clear, iridescent, fluorescent, wrinkle, hammer tone, and glitter finishes available. Powder coated surfaces are resistant to chipping, scratching, fading, and wearing.
