

JOB _____ ITEM # _____ QTY # _____

ULTRA-COMPACT, DROP-IN OR BUILT-IN TYPE

MODEL ADIF (DROP-IN)

MODEL ADIN (BUILT-IN)

CAPACITY - Up to 192 glasses or 175 cups.

SPECIFICATIONS

Model ADIF ultra-compact drop-in cup and glass dispenser.

Model ADIN ultra-compact built-in cup and glass dispenser. (No flange)

FRAME: The frame is constructed of all welded heavy gauge stainless steel. Model ADIF has a full perimeter stainless steel supporting flange for drop-in use.

DISPENSING MECHANISM: (Both Models) The rack carrier is constructed of all welded 16 ga. stainless steel. It is connected to a self-leveling suspension system consisting of a series of coil springs and ball bearing guides designed to keep the carrier level at all times. The dispensing height of the racks is adjustable for varying weights by engaging or disengaging individual springs.

LIMITED WARRANTY: PIPER PRODUCTS warrants to the original purchaser parts and labor for a period of twelve (12) months from the date of purchase. See manufacturer's complete warranty for details.

It is our policy to build equipment which is design certified by companies that have been accredited at the Federal Level by the Occupational Safety and Health Agency (OSHA) and ANSI as a National Recognized Testing Laboratory. These companies include CSA International, Underwriters Laboratories, and the National Sanitation Foundation. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times.

We reserve the right to change specifications and product design without notice. Such revisions do not entitle buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment. Information is not for design purposes.
